Varanasi, Uttar Pradesh, India | +91 7905547378 | [11aashish.singh@gmail.com](mailto:11aashish.singh@gmail.com) | <https://www.aashishly-portfolio.netlify.com>

I'm a passionate BCA student at Harishchandra Post Graduate Collage, actively immersed in the dynamic IT industry. Specializing in web development, I've honed my skills through diverse projects, enhancing my technical proficiency and problem-solving abilities over one years. Eager for opportunities to expand my knowledge, I thrive in challenging environments, aiming to contribute to cutting-edge projects with impactful and user-friendly web solutions.

## PROJECTS

### TaskMinder - Reminder Application | [Project Link](#)

Typescript, NextJS, React Hook Form, ShadCN, Prisma, TailwindCSS, Clerk

Developed TaskMinder, a cutting-edge reminder application emphasizing user experience and modern development practices, achieving a responsive design through TailwindCSS and offering a rich set of features for effective task management.

### Admin Panel - Admin Dashboard | [Project Link](#)

Typescript, ReactJS, React Router, ViteJS, Material UI, SCSS

Developed a feature-rich Admin Panel with dynamic and interactive user interfaces, designed a modern and visually appealing UI using Material UI components, implemented responsive design principles for optimal usability across devices, and conducted thorough testing to ensure a reliable and stable Admin Dashboard.

### Anime Vault - Animes Library Website | [Project Link](#)

TypeScript, NextJS, TailwindCSS, Framer Motion Animations, Rest API

Developed "Anime Vault," a dynamic Animes Library Website with a strong emphasis on user engagement and seamless navigation, featuring a comprehensive and up-to-date anime database through Rest API integration.

## EXPERIENCE

### Backend Tech Lead – Rablo

Sept - Nov 2023

Led a team of developers in backend code development and API creation, managed team activities including regular updates and technical interviews, collaborated with cross-functional teams to deliver high-quality software solutions, and contributed to architectural decisions and coding standards to ensure maintainable and scalable applications.

### Portfolio Website – Freelance | [Project Link](#)

Dec 2023

I crafted a portfolio website for my client, a video editor, using JavaScript and ReactJS. Leveraging Cloudinary, I ensured seamless media management and delivery, enhancing the overall showcase of the client's editing prowess on the web.

## LICENSES & CERTIFICATIONS
